

Company Profile

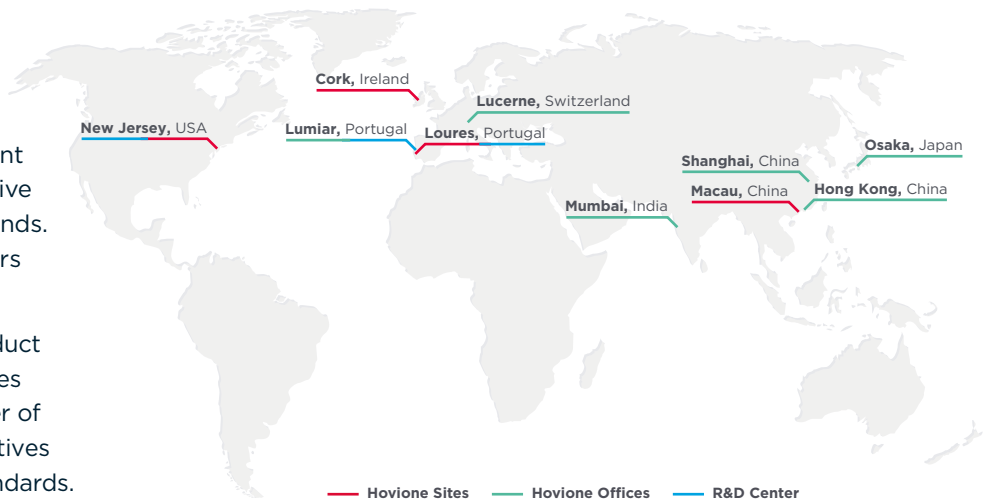

60 Years of Experience

Hovione is a fully integrated CDMO offering from drug substance to drug product intermediate, to drug product.

With FDA inspected sites as well as state-of-the-art Development Labs, we provide branded pharmaceutical customers services for the development and compliant manufacture of innovative drugs including highly potent compounds. For generic pharmaceutical customers we offer niche API products.

Hovione also provides proprietary product development and licensing opportunities for drug products. Hovione is a member of Rx-360, EFCG and participates in initiatives to lead new global industry quality standards. Hovione is a company with a culture based on innovation, quality and delivery.

“We do well what is difficult, to give our customers what they cannot find elsewhere.”
